Grant Application

The Airdrie & District Community Foundation is a community catalyst committed to being a vehicle for individuals, businesses and organizations to participate in the creation of an enduring legacy.

Guiding Principles of the ADCF

A Community Catalyst

We work with community and for community by supporting organizations that demonstrate a collaborative approach. We support innovative projects that align with our guiding principles. Not every new idea will work, but we will learn from every project.

Quality of Life

We are committed to strengthening the quality of life in Airdrie and the surrounding area. We build on the strengths of the community and address issues that detract from community well being by supporting organizations that share this goal with us.

Stewardship

We are building a community legacy because we never touch our capital pool of money. While our capital base grows, we use the income earned to support community. We are committed to investing wisely, managing efficiently and looking for ways to maximize resources and results through alliances and partnerships.

Proactive Attitude

The Foundation does not necessarily wait for applications. Through strong community relationships we identify and address issues with other community organizations and district municipalities.

Volunteer Support

Programs that utilize a strong volunteer force, or are dedicated to supporting volunteers, will be priority for Foundation support.

Independence for Individuals

Community development means building the capacity of individuals to be independent and self-sustaining. Strong consideration given to projects that support this principle.
